O. S. L. CO. SUES FOR HOT SPRINGS

Railroad People Claim Celebrated Sanitarium Was Included in Original Land Grant.

SHORT WAY TO MAN'S HEART.

Why Abraham Parker Married at 80—Sleepy Passenger Jumps from Car Window—News Briefs.

Ogden, March 26.—A suit that will create a great deal of local interest is that which has been filed at Brigham City, Boxelder county by the Oregon Short Line Railroad company against the Utah Hot Springs Sanitarium company, which is owner of the Utah Hot Springs, nine miles north of this city. The action is brought by the railroad company to perfect their title to the property, upon the allegations that the hotel and improvements are upon the plaintiff's property. They further allege that the old land grants of 1859, from Congress included this land. The sum of \$2,000 is claimed for damages for the detention of the property which is valued at \$100,000.

Since the filing of the complaint in Boxelder county, which was necessary as the bulk of the property is located there, the defendant company alleges that it has discovered evidence to the effect that the property upon which the hotel and improvements are located, is not in the grant by the government. The defendants further allege that the railroad company did not follow the surveyed line, especially where a slight cut or curve could be eliminated. In this case the defendant allege the railroad company encroached upon what became the property of the defendant.

The outcome of the case will be awaited with interest on account of the interests involved. The Hot Springs

has an established reputation of possessing the greatest waters in America for the cure of rheumatism and has long been considered a valuable piece of property. It is very evident that both parties in the suit will have the action transferred to the Second judicial district as it would be more convenient.

WEDDING PERMITS.

Marriage licenses have been issued by County Clerk Dye to the following couples: George H. Randolph of Ogden, and Emma R. Rowe of Montello, Utah. Leslie Fuller and Alice Burnett, both of Ogden.

SHORTEST WAY TO A MAN'S HEART.

Because he had not "had a square meal in six months," was what prompted Abraham Parker, 80 years of age, to marry Mrs. J. E. Cougnet, about 30 years his junior. The above was the statement made by Parker yesterday afternoon, when he and his bride of two days went there to have a deed conveying to the bride all of the property in the groom's name in this city.

BROKE THE LAW OF THE ROAD.

C. H. Turner, the owner of a small auto, was fined \$5 by Judge Murphy in the police court for driving his car on the wrong side of the street. As this was the first case of the kind brought to court the fine was made small. Turner stated that he was looking for a store, where he could buy a box of candy for his young son, who accompanied him.

GASOLINE MOTOR CARS.

Two gasoline McKee motor cars for the Southern Pacific company in 240 forms were sent west on a special train yesterday afternoon. The cars arrived in Ogden Wednesday and were given a thorough inspection in the local shops.

JUMPS FROM CAR WINDOW.

J. T. Campbell, a passenger on a Union Pacific train arriving in Ogden, had an unusual experience which almost cost him his life. As the train was approaching the depot near Thirtieth street, the brakeman called "Ogden Change cars." The man, who had been asleep raised the window and leaped through it to the ground.

As soon as possible the train was stopped and the trainmen went back to pick up the man. He was carried over to the police and taken to the police station and medical aid summoned, but it was found that he sustained no injuries other than a "squeak" in the back, as he termed it. The man continued on his journey last evening.

LOCAL ATHLETICS.

Capt. J. Husted of the Helena baseball team of the Intermountain league is in Ogden arranging for the coming of the Butte and Helena teams, who will go in to three weeks' training here to the opening of the regular season. Arrangements were concluded yesterday afternoon for the first use of the ball grounds at the Intermountain fair grounds. There will be about 20 players in all "Ogd" lineups, of the Ogden team, who are mental in bringing the aggregation of

ball tossers to this city, having convinced them of the advantages of Ogden over the other cities.

This evening at the armory will be held an athletic meet in which will be teams from the Ogden high school, the deaf and blind academy, state academy, state industrial school and the national guard. The event is looked upon as one of the most important of the spring sports. Among the events are high jump, broad jump, pole vault, shot put, wrestling and one or two others not yet determined upon.

DEPUTY SHERIFFS AND NEGROES HAVE A BATTLE

Guthrie, Okla., March 25.—On the scene of the famous Creek Indian uprising of last year at Hickory settlement, two negroes were killed, many wounded and 40 negroes captured in a battle between 20 deputy sheriffs and 100 negroes. The fighting began last Wednesday afternoon and continued with interruptions until 1 o'clock today.

A posse of five deputies went from Henrietta 18 miles to the negro settlement to arrest cattle thieves thought to be concealed in a negro's house. The deputies were met at the outer edge of the camp by a party of armed negroes who refused to allow them to enter. The deputies persisted, and were fired upon. Outnumbered, the five men fled.

A few hours after the first clash, a larger posse, heavily armed, reached the settlement. Someone fired a shot, and the rioting was on. When night fell the excitement increased, and negroes roamed through the woods, firing guns and yelling.

The fight continued as a series of duels throughout the night, the negroes retreating gradually from tree to tree as the deputies advanced, firing. Reaching the settlement the negroes barricaded themselves in their huts and could not be dislodged.

At daybreak firing ceased, and neither party made another move until 10 o'clock, when the deputy sheriffs renewed their attack. About 300 shots

were fired in the last encounter, when two negroes were killed and Deputy Sheriff Rowler was injured.

At the first onslaught the negroes were dislodged and fled. The posse pursued and captured 40.
